VETERANS CODE

The very word "Cricket" has lent itself to the English language as a term to incorporate all that is fair and honest in sport as well as life. For something to be seen as "not cricket" implies circumstances outside the spirit, values or traditions of normal fair play.
In keeping with these traditions, the Ethos of Veteran Cricket demands that;
We will not place winning before enjoyment:
We respect our opponents, teams mates and supporters at all times;
We always play within the laws, spirit and values of the sport of cricket;
We provide hospitable and friendly environment for our guests;
We acknoledge that health and well being are of paramount importance;
We will display the maturity and leadership that befits our status as elder statesmen of our great sport.
